After the 'Velvet Revolution' in 1989, Prague became an international metropolis with all the usual trappings, but it has also managed to successfully retain its unspoiled local character. The Czech capital is small and compact, with hospody (beer-houses) that offer the world's best beers stationed on every street corner. The most important areas are the central districts of the city: Staré Město (Old Town), Josefov, Nové Město (New Town), and Malá Strana (Lesser Town). These are best explored on foot. In recent years, the district of Vinohrady (Vineyards) has established itself as the district favoured by Pražani (the Prague inhabitants), and the restaurants and cafes lie closely packed.

When you visit Prague, it is worth remembering that not only does the city boast an impressive history, which stretches back many hundreds of years, but it has also fostered prominent architects, artists, and designers of the 20th century. Prague was once the centre of Central European modernism, a fact which today, after a long period of dictatorship, has almost faded into oblivion. During recent years, modernist Czech architecture and interior design have experienced a recovery, and there is nearly always a good exhibition to see.

Ignoring history is impossible when visiting Dresden, which saw its city centre reduced to ashes and rubble during the massive air raids by the allies in February 1945. However, following Germany's reunification in 1990, the city has experienced a building boom hardly seen anywhere else in the country, and the main landmark, the Frauenkirche, yet again stands proud in the city's main square.

As the capital of the state of Saxony and with a population of nearly 500.000 people, today's Dresden is a modern and vibrant city that yet again acts as the cultural magnet it once was. Visit the Old Town for magnificent Renaissance, Baroque and 19th-century buildings and museums and galleries on the river bank. Go to the Neustadt Quarter (the New Town Quarter), across the Elbe, where you find an eclectic mix of Baroque architecture and monumental government buildings from the 19th century. You can also find pockets of alternative culture, as well as a raft of shopping facilities and restaurants.

You can't pigeonhole Berlin at all, and it is precisely this fact that makes the city so unique.

Originally the symbol of the Cold War and division of Germany, the former "Walled-in City" at the border between West and East Europe has developed into a permanently attractive travel destination since the Wall came down.

The Berlin Wall divided one of the most popular metropolises in Europe for almost 30 years. When it came down on 9th November 1989, the world changed. For those who would like to go on a tour of discovery for the traces of the Wall where it used to run, there are many possibilities: one way is to experience the division at first hand at the Bernauer Straße Memorial, where the division created by the Wall is brought back to life by original parts of the actual death strips. Other places where you can trace the Berlin Wall are the East Side Gallery, the former border crossing point between East and West Berlin Checkpoint Charlie, and the associated Wall Museum.

These days, the appeal of Berlin is its fascinating mixture of history and zeitgeist, offering diverse attractions in art, culture, music, entertainment and countless shopping possibilities. The modern hotel landscape, an incredibly diverse gastronomy and unbeatably favourable prices certainly bear comparison with international standards. Plus the city's vibrant and flourishing creative scene and hot music and club culture put their own unique stamp on the unmistakable character of the lifestyle metropolis.

To be true, the first time you visit Berlin, you want to see the famous attractions. However, the second visit (at the latest) it'll be clear what really attracts you about Berlin. Whether lover of culture or scene frequenter – you'll be sure to find what you're looking for in one of the city districts. Berlin has 12 in number and each of them possesses its own particular charm: in Berlin-Mitte fashion rules the roost – alongside Chancellor Merkel, Neukölln has been transformed from a problem area into the scene district Berlin's western city centre is now enjoying a renaissance, Prenzlauer Berg is famous for its family-friendly reputation, Kreuzberg has its multicultural scene and Friedrichshain is the centre of the alternate lifestyle.
